

# PRIME ADVISORY NETWORK

The Global Network for chartered accountants and lawyers  
with members in over 60 countries.

# ABOUT US

Prime Advisory Network is an international platform for professional accountants, lawyers and human resource consultants.

The platform is designed to allow any professional firm all over the world to provide global assistance to its clients in different parts of the world through collaboration with other professionals in the network.

Prime Advisory Network manages the network and accepts admissions only from members who have qualified titles in their country.

## HOW IT WORKS

Prime Advisory Network is a gate to all continents.

The firms which are part of the network function as a single body, sharing their knowledge and experience at a global level. This enables clients to make use of the network's services to benefit from high quality consulting in legal affairs, accountancy, fiscal matters and corporate services in all the main global markets.

The approach taken by Prime Advisory Network is highly innovative when compared to other international networks. The Network ensures that when a client wishes to invest abroad, they can operate through a member firm operating in their own country. For instance, a client from London can receive assistance in Japan through one of our collaborators based in London. Or a client in Beijing can receive support in Rio de Janeiro through a member firm based in Beijing. The client in Milan looking to invest in Moscow will use a Milan office as their point of reference.

# OUR MEMBERSHIP PLANS

Join us for as low as £ 9.83/month

FULL MEMBER

# START WITH THE BASICS

Use the platform to get in contact with lawyers and accountants all over the world, promote your services and use the platform to promote temporary export management projects.

## ***Want more? Upgrade and become a CERTIFIED MEMBER.\****

With an additional fee, you can submit to the network your professional qualifications to be verified by our team who will grant you a certification that is visible to all members of the network. You will also be able to use the letters PAN after your name, as a recognized mark for expert professionals within our network.

## ***Interested in developing business opportunities with other colleagues?***

Upgrade to Full Membership\* which allows you to receive a 10% referral fee when you send a client to other colleagues in the network and you will benefit from the international secretarial services of the network including support with the payment collection from our team.\*\*

---

\*For Certified and Full members. This designation can be used on your firms website, business cards and email signatures to promote yourself as member of professional network. All PAN members are required them at all times to act with integrity and in a manner that inspires the confidence, respect and trust of their clients and of the wider community network.

\*\*A markup of 25% is applied to member firm fees to be paid by the client to cater for the 10% referral fees to the colleague that introduces the client to the network and a 15% network fee for Administrative services, technical support and payment collection provided by PAN.
